

THIS BULLETIN ADVISES ALL LOCATIONS THAT HAVE ADOPTED JIG GOVERNANCE GOOD PRACTICES THAT THE ANNUAL CHECKLISTS ARE NOW AVAILABLE FOR ONLINE COMPLETION IN THE NEW DASHBOARD.

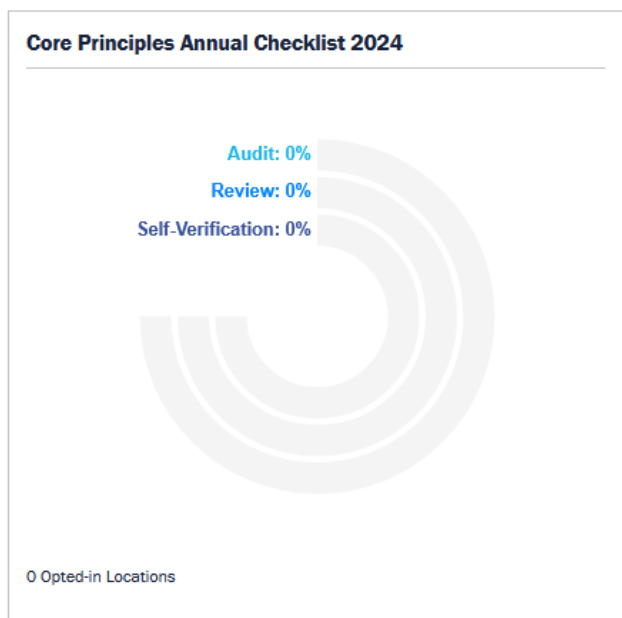

In previous Bulletins, the JIG Governance Processes Committee has informed Members and Users about the key Governance Good Practice tools that are made available to members and mandatory for JIG Joint Ventures [Links below]:

- [Core Principles](#)
- [Business Principles](#)
- [Business Risk Assessment](#)
- [Governance and Assurance Manual](#)

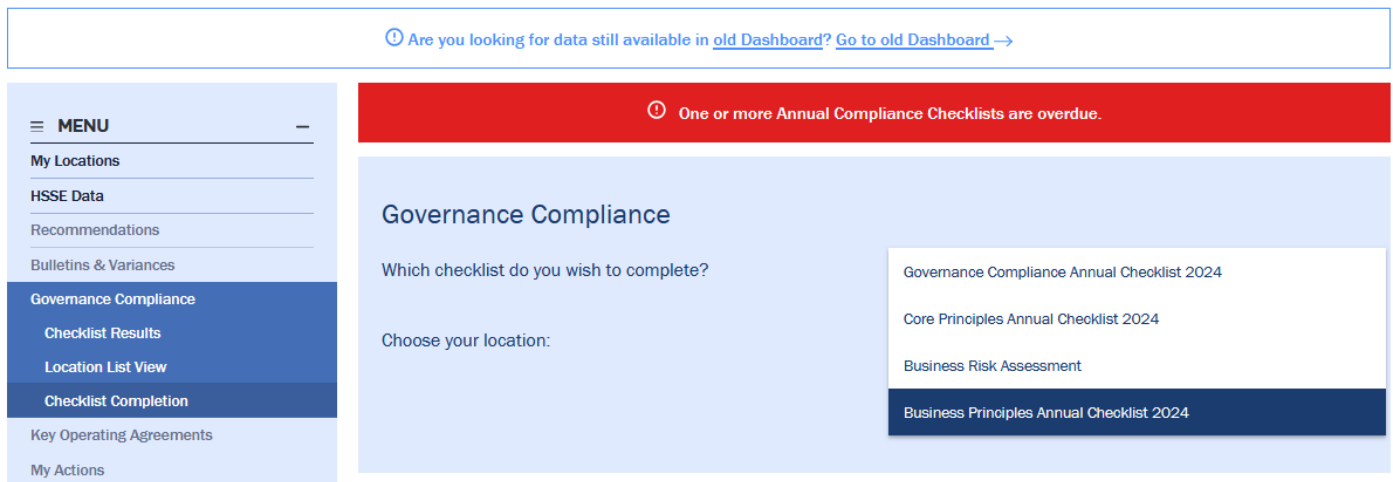

Each of the above references require participating Locations to complete an annual review of their processes and effective application of the adopted policies. The annual reviews - now called “Annual Checklists” - are available for completion in the GOVERNANCE COMPLIANCE section of new Dashboard, and this is the requested method for completion.

On-line completion allows the Location to see a “compliance score”, based on the Self-Verification – Review – Audit pyramid for assurance, and it also allows JIG Member Area Managers or oversight specialists to view the location results online without having to request from each site manager.
